

SENATE APPROVES POSTAL PAY INCREASE

House Committee Assails Benson on Farm Policy

Snow Sweeps Midwest; Ice Jam on Niagara

Two to Three Inches Of Snow Possible In Southern Illinois

By United Press

Families fled from their homes today before an immense ice jam on the Niagara river and rising flood waters in Mississippi.

The pounding Niagara ice jam, the worst in 46 years, and the flood crest on Mississippi's Tombigbee river were both products of a series of spring storms which have killed 49 persons across the country.

The young season also hit the West and Midwest with a new blowing snow storm. The snow combined with desert salt flats to lay a weird layer of salty mud over parts of Utah and Wyoming.

The U. S. Weather Bureau forecast near blizzard conditions today for parts of Kansas and from four to six inches of snow for northwest and central Missouri and southern Iowa. Southern Illinois braced for a possible two to three inches of snow and Kentucky and Tennessee were warned of thundershowers and snow flurries.

The storm had already hit hard farther west. Traffic accidents pyramided at Denver, Colo., where eight inches of snow was expected, and Omaha, Neb., got six inches. The mercury went to 20 below zero at Helena, Mont., and it was below zero in parts of northwest Minnesota, central Wyoming, North Dakota and Montana.

On the wind-swept Niagara river, the ice was packed 30 feet deep in some spots and was 55 feet high under 75-foot high Lewiston suspension bridge. It was rising 1 1/2 feet every hour under the bridge.

The ice swept away docks, demolished small homes, and knocked out three power generators as it piled up along a nine-mile stretch beyond Queenston, Ont. Some homes near Niagara-on-the-Lake were completely submerged and enveloped in ice.

Fear Severe Flooding
Families from 30 homes were evacuated before their homes were torn away Thursday and officials feared severe flooding when the blockade gives way.

The biggest flood crest in half a century rolled down on Columbus, Miss. The raging river had already driven 1,200 persons from their homes and threatened to force the evacuation of 1,200 more.

The Tombigbee was expected to crest at 11 feet above flood stage at Columbus today and officials warned "the worst is yet to come."

Another rain-caused flood crest was rolling down the Ohio river, although it did not match the flood which swept the valley earlier this month.

And on Kentucky's usually placid Cumberland river, flood crest headed toward Eddyville and Smithland and threatened to force more evacuations.

Humane Society Elects Officers

The Harrisburg Humane society last night elected officers for the coming year at its annual election meeting.

Elected were: Mrs. Tim Turner, president; James Presley, vice president; Mrs. Will C. Land, secretary; Warren Baker, treasurer; Mrs. R. B. Alexander, membership chairman; Mrs. Evadean Woodruff, Junior Humane society chairman; Mrs. LeRoy Reese, Junior Humane society assistant chairman; Miss Gladys Gaskins, rummage revenue chairman, and the following directors:

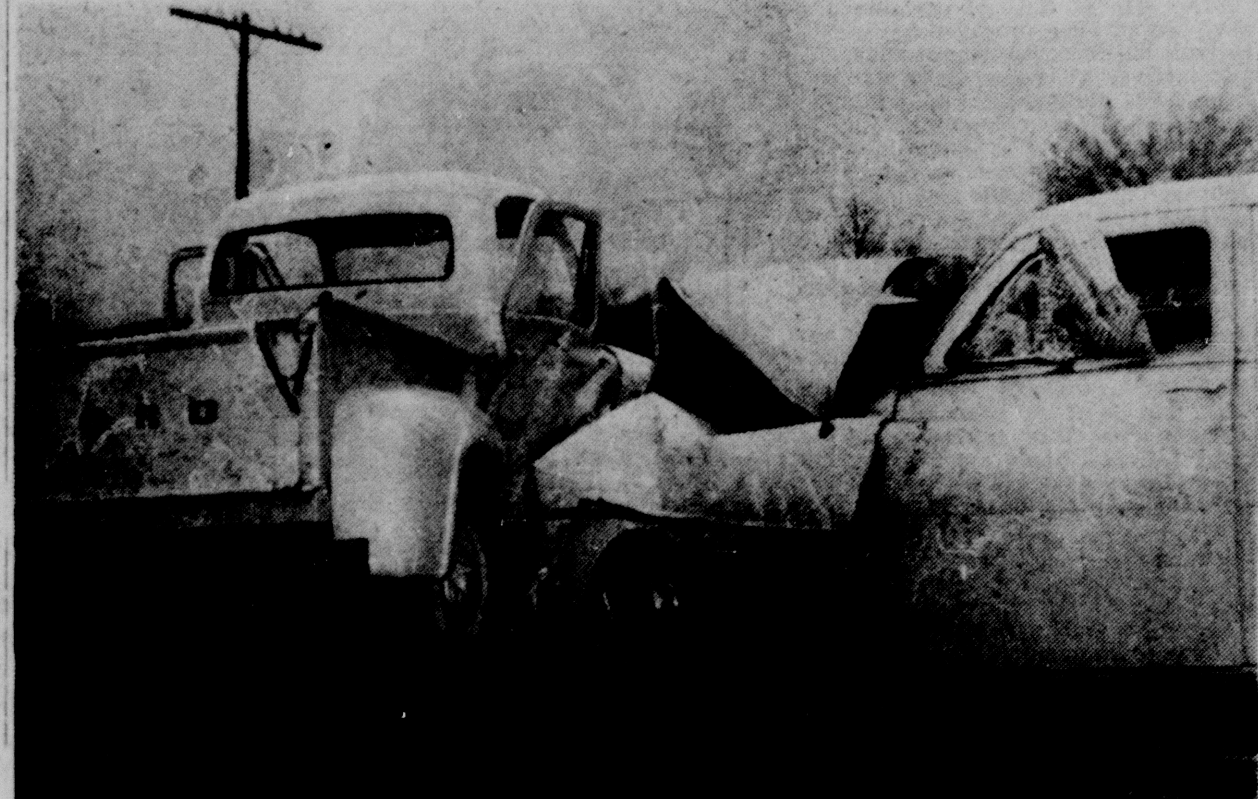

Mr. and Mrs. LeRoy Reese, Mr. and Mrs. Will C. Land, Mr. and Mrs. Warren Baker, Mr. and Mrs. James Presley, Mrs. Tim Turner and Mrs. Harry Farmer.

ICC to Hold Hearing On Hardin Phone Co. For Rate Increases

SPRINGFIELD (AP)—The Illinois Commerce Commission today suspended and set for hearing April 22 the petition of Hardin County Telephone Co. for rate increases in Elizabethtown and Cave-in-Rock.

SIX PERSONS WERE HOSPITALIZED and one other was treated and released following a crash of the pickup truck and automobile shown above on Route 45 near Stonefort this morning. Four from Tennessee and one from Chicago were in Lightner hospital, a Chicago man in Harrisburg hospital. (WSIL-TV Photo)

PTA Scholarship Awarded Golconda Girl; Two HTHS Students Alternates

Mrs. Wendell Bramlet, director of District 30, of the Illinois Congress of Parents and Teachers of Illinois, today announced the winner of the 1955 Golden Jubilee scholarship. Miss Sarah Lowrey, a senior in the Pope County Community high school of Golconda was awarded the scholarship. Miss Barbara Dunn, a senior in the Harrisburg Township high school, was selected as first alternate, and Miss Doris Ann Steinmarch, a senior in the Harrisburg Township high school was selected as second alternate.

This scholarship presented annually by the Illinois Congress of Parents and Teachers provides for \$1,000 to be used by the student in the college of his or her choice in preparation for entering the teaching profession. The holder of this scholarship is required to teach in the State of Illinois for a minimum of two years.

This scholarship is awarded on the basis of the following qualifications: (1) Desire to Teach, (2) Character, (3) Scholastic Standing in School, (4) Leadership Ability as demonstrated by participation in school activities and community projects, and (5) Health.

The selection committee was R. Dale Wilson, Saline county superintendent of schools; R. L. Foster, Hardin county superintendent of schools; Howard Wright, Pope county superintendent of schools; Mrs. Meta Hall, assistant county superintendent of schools of Gallatin county; Judge Trafton Dennis, county Judge of Saline county; Atty. H. G. Maynor, state's attorney of Pope county; Russell Malan, superintendent of the Harrisburg city schools; Louis Aaron, principal of the Lincoln school of Eldorado; Raymond Gardner, principal of the Galatia high school, and R. G. Putnam, a business man of Eldorado. The Scholarship committee met in the office of R. Dale Wilson in Harrisburg on March 23 to examine the applications.

The applications were presented to the committee by the district director, Mrs. Bramlet, and were evaluated by the committee on a rating system as provided by the Illinois Congress of Parents and Teachers. The committee did not know at the time of rating the names of the applicants or the schools they represented.

Eleven applications from three

Death Takes Mrs. Jason Johnson, 77; Funeral Sunday

Mrs. Ida May Johnson, 77, widow of Jason Johnson, died today at 5 a. m. in the Lightner hospital where she had been a patient with a heart condition for the past two weeks.

She made her home at 310 South Granger. Mr. Johnson preceded her in death in 1946. Mrs. Johnson was born in Hardin county, the daughter of the late Elijah and Louisa Graham Banks. Surviving are one daughter, Mrs. Otis Ferrell of Harrisburg; four grandchildren and 12 great-grandchildren; two sisters, Mrs. Hattie Hamp, Herod, and Mrs. Olive Ferrell, Harrisburg, and two brothers, Earl Banks, Detroit, Mich., and Lloyd Banks of Harrisburg.

She was a member of the Sloan Street General Baptist church. Funeral services will be held Sunday at 2 p. m. at the Good Hope church in Hardin county. Rev. Arthur Austin, assisted by Rev. Johnny Yuhas, will officiate, and burial will be in the Good Hope cemetery.

Nephews will be pallbearers and nieces will be flower girls. The body will lie in state in the chapel of the Harrisburg funeral home.

Six Persons Hospitalized After Crash

Six persons were hospitalized here today following a crash involving a pickup truck and an automobile on Route 45 a half mile north of Stonefort at 10 a. m. today.

Thomas Henry Bashell, 51, driver of the auto, is in the Harrisburg hospital and five others were taken to Lightner. They are William Crosslin, 31, brother-in-law of Bashell; and four occupants of the truck: Clarence Jones, 53; his wife, Flossie, 45; Walter Butler, 68, and his wife, Anna, 56.

Bashell and Crosslin are residents of Chicago, Mr. and Mrs. Jones of Alamo, Tenn., and Mr. and Mrs. Butler of Bells, Tenn.

State Policeman Michael Taggart said that the Tennessee truck was en route to Morris, Ill., and that the auto, which had Alabama license plates, was going from Chicago to Alabama.

The automobile belonged to J. B. Heatherly of Chicago. Taggart said the address of all three Chicago men was given as 1430 North Paulina street. With them was a hitch-hiker, Orion A. Smith of Route 3, Crossville, Ala., who was treated at the Harrisburg hospital and released. Smith told Taggart that he was asleep in the back seat when the crash occurred.

Taggart said that the four from Tennessee were all riding in the cab of the pickup truck. They were going to visit Raymond Jones, son of Mr. and Mrs. Jones, and his wife, who is the daughter of Mr. and Mrs. Butler.

Father of Mrs. Quentin Bowers Dies

Allen N. Hafford, 56, Eldorado coal miner, died at 11:45 a. m. today in the Pearce hospital. He had been a patient in the hospital for one week.

He leaves his wife, Clara, and the following children: Mrs. Quentin Bowers, Eldorado, Mrs. Alma Proctor, Marvin, James, and Leonard Ray Hafford, all of Waukegan. Also surviving are eight grandchildren and one sister, Mrs. Cordia Cox of Chicago.

Mr. and Mrs. Hafford had been living in Waukegan for several years where he was employed at the Johns-Mansville Corp., but returned to their Eldorado home in the Highland Park addition six months ago when he had to retire because of ill health.

The body will lie in state at the Bean and Tanner funeral home, and funeral arrangements are incomplete.

Robert Marshall, 85, Former Resident, Dies at Eureka, Calif.

Robert Marshall, 85, a former resident of Harrisburg who had made his home in California for the past 20 years, died Thursday in a hospital in Eureka, Calif.

He was the father of Mrs. Thelma Dunning of this city, Mrs. J. T. Tucker, San Francisco, Calif., Mrs. Pauline Horn, Orleans, Calif., Charles L. Marshall of Eureka and John M. Marshall of Anna.

He was the grandfather of Mrs. Raymond Debes. Funeral services and burial will be in California.

Report Says Farmer Plight Getting Worse

Secretary, Aides Accused of Letting Surplus Pile Up

WASHINGTON (AP)—The House Appropriations committee said today the plight of the farmer is getting steadily worse. It blasted Agriculture Secretary Ezra T. Benson for doing too little to help.

The committee assailed Benson "and others about him" in a report to the House accompanying a recommended appropriation of \$878,625,391 to run the Agriculture Department (not including its price support program) in the 12 months starting July 1.

Overall, the committee gave the department in cash appropriations just \$17,424,524 less than it asked. This was partially offset by an 11-million-dollar increase in requested loan authority for such programs as rural electrification, telephones, and farmers home loans.

Says Surpluses are Deliberate
The committee accused Benson and aides of letting surplus farm crops pile up deliberately to discredit the present rigid price support program and win support for the administration's flexible support system. Flexible supports go into effect with this year's harvests.

While the stocks pile up, at ever-increasing costs, the farmer's share of the consumer dollar is dropping steadily "due to the reduction in acreage of controlled crops and the low prices of nearly all farm products," the committee asserted.

The report was prepared by a subcommittee headed by Rep. Joe L. Whitten (D-Miss.). The subcommittee's three Republican members filed no minority report, presumably an indication they did not disagree substantially with its findings.

Criticize the CCC
"Evidently, with the Department of Agriculture... political and other considerations predominate to the point of preventing action," the committee asserted.

"Proper actions by the Commodity Credit Corporation (agriculture's price support agency) are made subservient to a host of other considerations, many of which, in the opinion of a majority of the committee, are unsound."

The committee charged that CCC had "largely overlooked" its responsibility to sell the surplus crops

Mrs. J. W. Shultz, Former Resident, Dies at Mt. Carmel

Mrs. J. W. Shultz, elderly woman who was prominent in Harrisburg before 1917, died Wednesday in a hospital in Mt. Carmel where she had been only a few days with a broken hip.

She was the wife of J. W. Shultz who passed away approximately four years ago. Mr. Shultz was an agent for the New York Central Railroad and moved to Mt. Carmel June 17, 1917.

Both were quite active in social affairs in Harrisburg and in Mt. Carmel. Mrs. Shultz was a past worthy matron of the Harrisburg chapter of the Order of the Eastern Star.

Surgeon Uses Dog's Lung to Keep Boy Alive During Heart Operation

MINNEAPOLIS, Minn. (AP)—A dog's lung kept a 13-year-old boy alive while a University of Minnesota surgeon closed three small holes in his heart.

For 15 minutes the surgeon worked in the boy's "dry heart," while the dog's lung kept his blood supplied with life-giving oxygen. The dramatic new technique, another "first" by university doctors in this type of operation, was revealed at a news conference late Thursday night.

The boy, Calvin Richmond of Pine Bluff, Ark., was operated upon Wednesday. He was reported in "good condition" early today.

Congress Asked to Enact Legislation to Protect Domestic Fuels Industry

WASHINGTON (AP)—Rep. Harley O. Staggers (D-W.Va.) called on Congress today to enact sweeping legislation to protect and strengthen the entire domestic fuels industry.

In testimony prepared for the House Interstate Commerce Committee, he said such legislation is necessary "for the protection of the peacetime economy and for the maintenance of a strong mobilization base" in the field of coal, oil and gas.

The committee is considering legislation to exempt independent producers of natural gas from jurisdiction of the Federal Power Commission. It invited interested members of Congress to present their views.

Rep. Hale Boggs (D-La.), endorsing the principles of this legislation, said in his prepared testimony that Congress should say "in unequivocal terms" that it wants no federal controls over gas producers or gatherers.

"Unless this Congress acts promptly to remove the threat of utility concept price control from all producers and gatherers of natural gas," he said, "the public is going to pay a horrible price in the form of a drastic curtailment of the supplies of this fuel."

But Staggers, whose views have been endorsed by many coal industry organizations, protested that

Humorist Ed Harding Addresses The Dinner Club

Ed Harding, a Tarheel from Washington, N. C., noted as one of the best humorists on the American platform, lived up to his reputation in an entertaining address before the Southern Illinois Dinner club last night at the Kurto country club.

The fine speaker, with a pleasant southern accent, had the large audience of club members and guests in laughter from the opening to the closing of his talk. An underlying serious note to his address, directed to the men, was "are you an improvement on your fathers?"

The best method of improving ourselves, he said, was to have more religion. Others were loyalty in national life, improvement in business, more safety and to behave better. Each theme was stressed with a continuous roll of humor by the highly talented speaker.

G. H. Mugge, president of the dinner club, presided at the meeting. The invocation was given by Rev. W. E. Hanagan and Judge Joe Hill of Benton introduced the speaker.

Mugge announced the April meeting will be held on the 28th with Arch F. Coleman the guest speaker on "What Our Undercovermen Undercover for Us."

Two Hurt in Truck-Auto Crash

A truck driven by Raymond Gersbacher of near Harrisburg and an auto driven by Fred Dorris collided last night on West Poplar street near Land. Dorris and his daughter, Ella Marie, were treated at Lightner hospital for injuries and released.

City police said that Dorris suffered a head injury and that the daughter suffered a head injury and cuts on the mouth.

Gersbacher was arrested and paid a fine in police magistrate court following the crash. The collision was head-on, police said.

10 Per Cent Hike Voted Despite Threat of Veto

Measure Goes to House; Expect Raise For Other Workers

WASHINGTON (AP)—The Senate today approved a 10 per cent salary increase for 500,000 postal workers despite the threat of a presidential veto.

The legislation was approved by a vote of 72-21. It goes to the House which also appears bent on approving an increase beyond the 7.6 per cent limit set by President Eisenhower.

Before approving the average 10 per cent increase, the Senate voted, 52-41, to kill the administration plan for a 7.6 per cent increase. President Eisenhower has hinted that he will not agree to a larger pay raise.

The postal vote also cleared the way for the Senate to follow the same 10 per cent pay raise pattern on legislation for other government employees. That bill was called up before the Senate immediately after the postal pay measure.

The Senate-approved bill would give a minimum increase of \$400 yearly to all postal workers. Those earning more than \$4,000 a year would get a 10 per cent increase.

Sen. Frank Carlson (R-Kan.), sponsor of the administration bill, and Senate Republican Leader William F. Knowland both held out the threat that President Eisenhower would veto the more liberal raise.

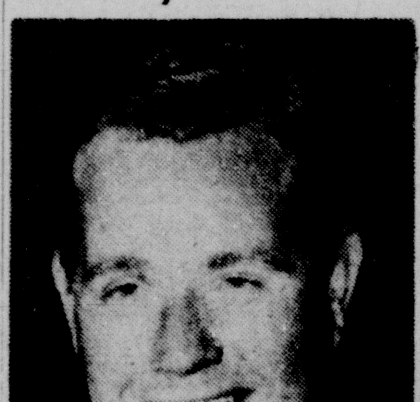

Other congressional news: Zwicker: The Senate investigating subcommittee referred to the Justice Department conflicts in testimony involving Brig. Gen. Ralph W. Zwicker. Zwicker testified he did not give a subcommittee aide security information about former Army Maj. Irving Peress.

The aide, C. George Anastos, had testified last fall that he did. The subcommittee decided to let the Justice Department consider which witness was right.

Foreign Policy: President Eisenhower invited Democratic and Republican congressional leaders to the White House next week to discuss foreign policy. The conversations were almost certain to include discussion of a possible big power conference with Russia, but the White House said this was not the primary reason for the talks.

Conference: Sen. Alexander Wiley (R-Wis.) said in an interview the President "not Congress, must decide when the time is ripe for a big power conference with Russia. For this reason, he said, congressmen should not "attempt to outline" what the United States should do about such a meeting.

Charlie Skaggs Elected Exalted Ruler by Elks

Charlie Skaggs, local pharmacist, was elected exalted ruler of Harrisburg Lodge 1058, B. P. O. Elks, last night, succeeding H. E. Mitchell Jr.

Other officers elected were: Vern Joyner Jr., esteemed leading knight; John R. Small, esteemed loyal knight; Owen Hunsinger Jr., esteemed lecturing knight; Tommy Jenkins, tiler; Arthur E. Anderson, secretary; Roy Thompson, treasurer; Eugene Schuerle, trustee for three-year period; Charlie Skaggs, delegate to the Grand Lodge convention.

Installation of officers will take place April 14. Between now and that time Mr. Skaggs will name his appointive officers.

Preceding the election four candidates for lodge membership were initiated.

Grantsburg Woman, 80, Dies

Mrs. Bertha Kerley Hardin, 80, resident of Grantsburg, died today in the Union county hospital in Anna.

She was the mother of Bryan Kerley of Vienna.

The body is now at the Murrie funeral home and plans are incomplete.

Gov't Sets Corn Price Support At \$1.58 Bushel

WASHINGTON (AP)—The government will guarantee commercial corn growers an average of \$1.58 a bushel for their 1955 crop at the farm. This is 87 per cent of parity.

The new parity rate is 3 per cent under that paid for 1954-crop corn. The average support price for 1954-crop corn was \$1.62, four cents under the guaranteed average for this year's crop.

The Agriculture Department announced the 1955 support prices late Thursday. It said the 87 per cent of parity support level was set in accordance with the law providing for a variable support on the basis of the estimated supply.

The estimated supply of corn as of Oct. 1, 1955, is 3,940,000,000 bushels. On the basis of estimated acreages reported last week, the 1955 crop is expected to be 3,140,000,000 bushels. There is a carry-over of 800 million bushels from past corn crops. The total supply has been estimated as of Oct. 1 at a little more than 107 per cent of the normal supply.

The department could have set parity at any per cent between 82 1/2 and 90. Parity is a price calculated to give the farmer a theoretically fair return for his product in comparison with the cost of things he must buy.

Confidence: Sen. Alexander Wiley (R-Wis.) said in an interview the President "not Congress, must decide when the time is ripe for a big power conference with Russia. For this reason, he said, congressmen should not "attempt to outline" what the United States should do about such a meeting.

Foreign Policy: President Eisenhower invited Democratic and Republican congressional leaders to the White House next week to discuss foreign policy. Att'y Bob Wilson Heads County Young Democrats

Bob Wilson, Democratic candidate for State's Attorney, was elected chairman of the Young Democrats of Saline County at the organizational meeting held Thursday evening in the court house. Other officers elected at the meeting attended by approximately 150 persons, were Lyndell Alexander, Harrisburg, vice chairman; Mrs. Gynelle Sirles, Harrisburg, secretary, and John Reeder, Ledford, treasurer. Mr. Wilson's home is in Eldorado.

The meeting was called to order by Steve Mitchell, chairman of the Democratic county committee, and Carl Beggs acted as temporary chairman and introduced those candidates for township offices present, including Wilbur Brown, Harrisburg, for road commissioner; Bert Jones, Raleigh, for supervisor and Bill Endsley, Cottage, for supervisor.

Mr. Beggs also announced a potluck dinner to be held by the Democratic party at the Tom Endicot garage on South Granger street Saturday at 6 p. m. The ladies are to bring a covered dish and pie or cake. Meat, bread and soft drinks will be furnished.

"Chuck" Hunsinger spoke on the Democratic party's principles and aims and the county officials were introduced and all spoke briefly.

There will be another meeting of the Young Democrats Thursday, March 31, at the court house in Harrisburg, starting at 7 p. m.

The Weather

ILLINOIS: Heavy snow warnings. Snow dimming tonight accumulating 2 to 4 inches most sections with heaviest amounts and some blowing and drifting through the central portion of the state with lesser amounts extreme north and extreme south. Colder tonight. Saturday partly cloudy and continued cold. Low tonight 22-32 south. High Saturday 30-38 south.

BIBLE THOUGHT FOR TODAY
Bless the Lord, O my soul, and forget not all his benefits.—Psalm 103:2.

No scientist has been able to enumerate the multitudinous details of bodily functions that are carried on without our understanding. God's love is closer to us than hands or feet.

Banning the Nuclear Tests

Editorial by Bruce Blossat
Every time we detonate a test A-bomb in Nevada, some of our friends abroad react with such anguish as to suggest their next day's breakfast has been contaminated by the radioactive fall-out.

Urgings are heard again and again that the tests be halted, and that this be a first step toward some sort of negotiated peace settlement with the Soviet Union.

The elements in this argument need to be carefully sifted. First, scientists differ widely as to the effects on humans of the radioactive fall-out from recent and current nuclear experiments. None argues that these inflict physical harm on the present generation of humans. The debate centers on what radioactivity may have done or be doing to future generations through its possible effect on the body's reproductive materials.

Same say the present level and scale of tests is not serious. Others contend enough radioactive substance already is afloat in the atmosphere to do some human damage in the generations to come.

Our government specialists evidently hold that the danger is not serious, else the tests would not go on. But certainly there is some doubt, and men could reasonably listen to the opposing arguments.

Yet the urgings from many quarters do not seem to recognize any reasonableness in those who doubt the danger. The antitesters assume all experiment is a menace. They want no more of it. They wish there had never been any. They appear to regard the experimental explosion of a nuclear device as a virtual act of war.

Now, as Admiral Strauss noted in his comprehensive report on the Pacific H-bomb tests, if there had been none we could not possibly know the real size of the world's peril. The horror the antitest people decry (and who does not?) is something they could only have guessed at wildly without the tests. They and all of us might well have understated the danger. The tests measured our plight, and underlined the importance of preserving the peace.

Furthermore, we cannot easily halt the tests so long as we assume—as we must in the interest of the free world's safety—that Russia is trying its best to develop more and more advanced nuclear weapons.

Should it then be asserted that the Russians, too, will be called on to stop their tests, the question arises as to how we may be assured of their compliance. Large atomic or hydrogen blasts can be detected outside Russia by measuring the atmosphere's radioactivity. But how do we prevent the blasts from occurring at all?

Obviously, enforcement of a ban on tests, like all disarmament proposals with real teeth, requires a system of rigid inspection. Russia has been cool to that idea from the start. Moreover, such a plan would have to be a subject for negotiation. And the antitest group has been saying the ban should come first, with negotiations for a broad front afterward.

As anyone knows who pays any attention to our tests, they are seasonal. There is plenty of time between each series of experiments for discussion of disarmament or any other reasonable proposal to end world tensions. All it takes is a sincere Soviet wish for a settlement.

Meantime, there's no point in the United States clamping a ban on nuclear tests when it has no assurance whatsoever that the Russians would follow suit in good faith.

Announce Schedule For Immunization Clinics in Schools

On Monday, March 28, at 1 p. m. there will be a clinic at McKinley school for the second dose of the typhoid series. All schools in the Harrisburg public system will participate.

On Monday, April 4, at 1 p. m. there will be a clinic at Horace Mann school for the third dose of the typhoid series with all schools in Harrisburg taking part.

Wednesday, April 6, at 1 p. m. McKinley, Bayliss and Dorris Heights pupils will meet at McKinley school for a smallpox clinic.

Thursday, April 7, at 1 p. m. Horace Mann, Liberty and Lincoln pupils will meet at Horace Mann for a smallpox clinic.

Tuesday, April 12, at 2:30 p. m. Junior high and Logan pupils will have a clinic at Junior high for smallpox.

Parents who are planning for their first and second graders to participate in the possible forthcoming poliomyelitis program sponsored by the Egyptian Health department are asked to postpone needed vaccinations until June. Watch The Daily Register for further information.

Warm Waters

Harbors of northern Norway, well above the Arctic Circle, are ice-free throughout the year, being warmed by the northward drift of the Gulf Stream.

Largest Zoo

Largest zoo in the world is Kruger National Park, in the Union of South Africa. Larger than the state of Massachusetts, it contains more than 500,000 head of game.

Egyptian Health Dep't News

COOPERATION OF SCHOOLS

Full cooperation with health officials in planning for possible polio vaccinations in Saline county elementary schools was pledged today by R. Dale Wilson, superintendent of schools, following a meeting with members of the Egyptian Health department. "If the Salk polio vaccine is found effective and is licensed, we will be prepared immediately to start vaccinating 121 children in the first and second grades of every public and parochial school in Saline county," Wilson said.

The vaccine will be furnished to health departments by the National Foundation for Infantile Paralysis without cost for the product. It will be part of a \$9,000,000 supply purchased with March of Dimes funds.

"The size of this job and the need for advance preparation can be realized when you consider that this involves 62 classes in 40 public schools throughout our county. Some of these classes are in small schools and children may have to be transported to clinics held in bigger schools. "A polio vaccine program of this size is a challenge to all principals and teachers who are eager to meet it because it presents an opportunity for widespread health education," Wilson stated.

Wilson said he would contact or hold meetings shortly with principals and teachers concerned, to discuss with them details of the program. All plans must be finished in advance of the possible starting date for vaccinations.

Meetings for parents in many elementary schools also will be held to explain the program. No eligible children will receive vaccine unless their parents first sign a form requesting it. These forms will be distributed through the schools very soon.

While we still do not know that the polio vaccine prevents paralytic polio under natural conditions of exposure, we must be ready to vaccinate children immediately if the vaccine is found effective and is licensed by the federal government.

The polio vaccine to be offered in the school vaccination program this spring, if the vaccine is proved effective and is licensed, is the same as used in the nationwide

field trials last spring and will require three "shots."

Each child will receive three 1 cc. injections of vaccine, with one week between the first and second inoculations and four weeks between the second and third. It is important that each child who starts the series gets all three injections.

Woman's Club Holds Tree Planting Ceremony

The Federated Woman's club held a tree planting ceremony on the lawn of the Carrier Mills high school Wednesday afternoon. The tree, which was a magnolia, bears a plaque commemorating the founding of the Woman's club in Carrier Mills.

Miss Carrie Wasson, president, presented the tree to Warren Jennings, principal of the high school, who accepted the shrub in behalf of the high school and the board of education.

Mrs. Jennings read a poem, "He Who Plants a Tree," during the ceremony, and Loren Dallas offered prayer.

Present were Miss Carrie Wasson, Mrs. Aud Dallas, Mr. and Mrs. Warren Jennings, Mrs. George Whitney, Mr. and Mrs. Loren Dallas, Mrs. Loren Whitney and Dr. and Mrs. W. H. Dean.

zelle Henson, and Oma Baker and the hostess.

Sororal Club Meets

With Mrs. Pat Durfee
The Sororal club members met Thursday at the home of Pat Durfee.

Following a brief business discussion, dues were collected by the secretary, Winnie Craig.

Several amusing games were played and prizes won by Judy Smith, Winnie Craig, Bonnie Bolin, Marjory Whiting, and Bonnie Beggs. Those receiving mystery pal gifts were Nellie Yocum and

Judy Smith.

The club presented Winnie Craig with a lovely baby blanket and a receiving blanket in honor of her new baby daughter, Jacqueline Joan.

Delicious refreshments of Cokes, potato salad on lettuce cups, date nut squares and fudge nut squares were served to the following members: Vonnie Beggs and Dianne, Winnie Craig, Marjory Whiting, Nellie Yocum, and Becky, Bonnie Bolin, Aline Stone, and son, Marcheta Clore, Judy Smith and the hostess, Pat Durfee.

The next club meeting will be at the home of Judy Smith on April 7.

Daughters of Ruth Meet

With Mrs. Maggie McCutcheon
The Daughters of Ruth Sunday

school class met Thursday evening for the regular social at the home of Mrs. Maggie McCutcheon.

The meeting was opened by the president, Mrs. Gazelle Henson, and the devotion was led by Mrs. Genevieve Quick. Prayer was offered by Mrs. Hazel King.

Games were played and prizes awarded to Carrie Ammon, Lea Wyatt and Gazelle Henson.

Refreshments of sandwiches, pie, salads and coffee were served to the following: Mrs. Faye Mitchell, Mrs. Mildred Chaney, Mrs. Anna Gibbons, Mrs. Carrie Ammon, Mrs. Lea Wyatt, Mrs. Hallie Hutson, Mrs. Gazelle Henson, Mrs. Hazel King, Mrs. Genevieve Quick, Mrs. Helen Lightner and sons, Joe and Jack who were guests, and the hostess.

Social and Personal Items

Announce Marriage of

Wanda Gibbons, J. V. Hull

Mr. and Mrs. Arthur Mattingly are announcing the marriage of their daughter, Wanda Jane Gibbons, to J. V. Hull, son of Mr. and Mrs. Silas Hull.

The wedding took place Wednesday, March 23, in Pinckneyville. Attendants were Phyllis Gibbons, sister of the bride, and Ronald Humphrey, friend of the bridegroom.

The bride chose for her wedding a two-piece street length navy dress with white accessories.

A wedding dinner was held at the home of Mr. and Mrs. A. R. Berkel who live near the Ingram Hill community.

The newlyweds plan to make their home temporarily in Valdosta, Ga., where Sgt. Hull is stationed.

Saline County Garden Club Installs New Officers

The Saline County Garden club met in the lower rooms of the public library Tuesday afternoon with Mrs. Nellie Cline, Mrs. J. W. F. Davis, Mrs. H. N. Finney and Mrs. C. L. Travis as hostesses.

The president, Mrs. Ralph Brown, was in charge of the business meeting and members answered roll call with "What's blooming in my garden." The freeze of the night before, with winter's sudden return, resulted in answers not quite as picturesque as had been anticipated the day before, yet some blossoms had resisted the frost.

Mrs. Charles Mitchell discussed "This Year's New Chrysanthemums," giving their names, colors, tendency to early or late blooming and high or low growing.

The guest speaker, Mrs. John Towle, discussed "A Home Grown Picture Show." Mrs. Towle brought a collection of picture slides of many of the gardens in the city and surrounding countryside, which were beautiful and inspiring to the members present. Also a few lovely pictures were shown of homes with unique Christmas decorations and flower arrangements which were outstanding.

Mrs. Nellie Meyers installed the following new officers: Mrs. Steve Farrar, president; Mrs. Ray Durham, vice president; Mrs. Myrtle Myers, secretary; Mrs. A. M. Hetherington, treasurer.

Coffee and cake were served during the social hour and the new club calendars were distributed.

Cottage Grove Home Bureau Has Family Party

The Cottage Grove Home Bureau unit met Tuesday evening at the New Hope school for the family party. In charge of the affair were Patty Berry, Barbara Miller and Dorothy Billman.

Following the recreational period coffee, cup cakes, potato chips and soda were served to the following: Mr. and Mrs. Ralph Billman and family, Mr. and Mrs. Alfred Johnson and Dale, David Yates, Mr. and Mrs. W. E. Kaid, Mrs. Shirley Rister, Mr. and Mrs. Willie Robinson, Mr. and Mrs. Raymond Vinyard, Mr. and Mrs. Wendall Kaid and son, Mr. and Mrs. Ben Wintzer, Mr. and Mrs. Raymond Alvey, Mrs. Etta T. Hine, Mr. and Mrs. Arthur Wintzer, Mr. and Mrs. Reuel Thaxton, Mr. and Mrs. Lee Berry and Ginny, Mrs. Mable Alvey, Mrs. Wayne Stallings, Wayne Stone, Jim Billman, Mr. and Mrs. Eugene Lankin and Fred, Mr. and Mrs. Eugene Miller and family, Mr. and Mrs. Dan Ludlow, Mrs. Mildred Miller and Marvin Lee Miller.

John Hull returned recently from Paragould, Ark., where he resided around 40 years ago. He spent five days with relatives and friends.

Two HTHS Girls In Sectional Speech Contest Saturday

Judy Bell, daughter of Mr. and Mrs. John Bell, and Carol Lightfoot, daughter of Mrs. Frances Lightfoot, will attend a sectional speech contest to be held at Granite City, Saturday.

In the district speech contest which was held at the Harrisburg Township high school March 5, Judy won a second place in the comedy play reading event giving the reading, "Sparkin'," and Carol placed third in the verse speaking event.

The winners of the sectional contest will then go on to the state contest to be held April 15 and 16. Judy is a senior at HTHS and has been active in the speech department the past three years. Carol is a sophomore in school and this is her first year in dramatics. Both students were directed by Mrs. Lolo Eddy.

Measuring Worm

A measuring worm is the caterpillar of a species of moth. It is noted for its peculiar looping method of travel, which makes it appear to be measuring the distance it goes.

In loving memory of Dorris Jean Pomeroy, who passed away six weeks ago today.
God's golden sun is shining upon the dearest grave.
That holds the one we loved so dear.
And wanted most to save.
With a smile she bore her suffering.
And labored without complaint.
Though we miss her here so terribly.
We know Heaven has gained a Saint.
There's nothing now that we can do
For the one we loved so dear.
But place some flowers upon her grave.
And shed our lonely tears.
In our hearts her memory lingers
Sweetly, tender, fond and true.
There is not a day dear daughter
That we do not think of you.
Sadly missed by parents, sisters
and grandparents, Mr. and Mrs. John K. Pomeroy, Clara and Carol, Mr. and Mrs. Ezra Thompson. *227-1

John W. Davis, '24 Candidate for President, Dies

CHARLESTON, S. C. (AP)—The body of John W. Davis, 1924 Democratic candidate for president, will leave by train tonight for New York, where funeral services are planned for next Monday.

Davis, renowned attorney who had argued more cases before the U. S. Supreme Court than any other man, died of pneumonia in a hospital Thursday at the age of 81.

The imposing, zealous man, lost the presidency to Calvin Coolidge in the highest political contest of his career but his 140 Supreme Court cases contained pleadings that made legal history.

In 1953 Davis presented South Carolina's case in one of the historic school segregation suits in which the court finally outlawed the principle.

Funeral services for Davis will be held in New York at 11 a. m. EST Monday and interment will follow at Locust Valley Cemetery at Glen Cove, Long Island.

His final battle with pneumonia was Davis' third within a few months. He had been ill from the last siege for 13 days.

Had Davis lived in good health he no doubt would have planned to appear again before the Supreme Court April 11 for scheduled arguments on implementing the school desegregation ruling.

In earlier cases he won approval of a wage and hour law, the income tax and the World War I selective service laws. Later he became a staunch advocate of States' Rights, and in this role argued the school segregation cases.

Judge Restores Powers to Union Officers

PADUCAH, Ky. (AP)—A circuit judge Thursday entered a default judgment against Local 565 of the International Association of Ironworkers, AFL, which in effect restored powers stripped from business agent W. B. Sanders and other former local officers by a Federal Court edict.

McCracken Circuit Judge Holland G. Bryan entered the judgment, which conflicts with an edict issued Monday by Federal Judge Mac Swinford, after three officers appointed by the international to head the local failed to appear in Circuit Court.

The action restored the executive power and offices of Sanders and other expelled or suspended officers of the local, ousted in a dispute over a strike at the Jopka, Ill., steam power plant project in 1953.

Under Swinford's edict, Sanders was ordered removed from office and the \$30,000 in the local's funds under his control was ordered returned to the international.

Thursday's judgment was against Joel Drake, Local 565 president, Ray Armstrong, secretary-treasurer, and Charles Hobbs, business manager, who were appointed by the international when Sanders and the other officials were ousted.

All pleadings filed by the three were ordered stricken from the record and they were enjoined by the court from intervening in the affairs of the union or taking possession of some \$30,000 in funds which Judge Swinford had ordered returned.

Attorneys for the three officers indicated they would appeal the judgment.

U. S. Charges Russia with Breach of Faith

WASHINGTON (AP)—The United States today charged Russia with a "shocking breach of faith" in breaking the secrecy rule at the five-power London disarmament talks.

State Department press officer Henry Suydam told reporters this morning that the Soviet Union was shared by Britain, France and Canada as well.

Soviet delegate Andrei Gromyko violated the disarmament secrecy by granting an interview to the Soviet Tass News Agency. The British Foreign Office, which also attacked the Soviet violation, said that the secret proceedings of the London disarmament talks would be released because of persistent Soviet "leakages."

Suydam said that the U. S. delegate, Ambassador James J. Wadsworth, planned to issue a statement in London and that the French planned a similar move.

"In general the attitude is that the statements and disclosures of Mr. Gromyko before he left London are a shocking breach of faith," Suydam said.

"The United States is nevertheless prepared to continue the discussions on chances something might eventuate, although it seems clear the Soviets are using this conference for propaganda purposes."

Killed in Crash

SPRINGFIELD (AP)—A 21-year-old Springfield man was killed early today on U. S. 66 outside the city when he tried to pass a truck and crashed into another car.

He was identified as John R. Pulliam, pronounced dead on arrival at Memorial Hospital here. Iverne Adams, 28, a passenger in the car which Pulliam was driving, was seriously injured.

Baptist Women To Hold Rally Tuesday Night

Miss Louise Whitmire

On Tuesday, March 29, at 7:30 p. m., the women of the Baptist churches of Saline association will hold a Women's Rally at the McKinley Avenue Baptist church in Harrisburg. The meeting will be in preparation for work to be done by the women's organizations in the simultaneous revivals which will be held in the Baptist churches of Saline association from April 10 through April 24.

A massed choir made up of singers from the various churches, and directed by Mrs. Gill Montgomery of Eldorado, will sing. A nursery will be open for pre-school children.

The speaker for the evening will be Miss Louise Whitmire, head of the Baptist Good Will center at East St. Louis. Miss Whitmire is at present touring a number of the southern states, under the auspices of the Home Mission board, presenting the work of the Good Will center, and Saline association is privileged to have her speak on this occasion. She will tell of the work of the Good Will center in the saving and rehabilitation of both children and adults, and will also show films concerning the life and work at the Good Will center. The Center buildings at East St. Louis are among the most up-to-date of any of the Good Will centers in the Southern Baptist Convention, and the pictures will give a very clear idea of the wonderful work being done by Miss Whitmire and her colleagues.

Non-Atomic Blast Set Off In Nevada Skies

LAS VEGAS, Nev. (AP)—A non-atomic high-explosive charge was detonated in the sky nearly six miles over the Nevada desert today. It was a test of some new secret weapon that should be tipped with a nuclear warhead under battle conditions.

The explosive device was dropped from a high-flying air force bomber and triggered at 9 a. m. PST amidst an intricate pattern of smoke trails, puffs, smoke grids and parachutes and balloons.

It was the first full-scale non-atomic explosive test ever conducted by the Atomic Energy Commission at the Nevada Proving Range. High explosives have been set off before on the range, but only as "weather vanes" to get wind direction bearings for atomic blasts.

Purpose of the unique test was not elaborated upon by pre-blast AEC announcements other than an explanation that it was a "full-scale test" in all respects except the atomic charge and that it was of "primary interest to the Department of Defense."

Fighter Bombers Take Part
Smoke trails laid down by some of the 40 Air Force planes participating in the experiment and from what the AEC officially described as "air-suspended equipment." An official said this meant parachutes and balloons.

Significantly, six F84F jet fighter bombers took part in the smoke-screen laying around the burst point at 30,000 feet. The F84F Thunderstreak is a single-seater capable of delivering atomic bombs at supersonic speeds.

Another A-bomb carrier, the intercontinental B36, also took part. Speculation arose among observers that the experiment was testing some air-to-air guided missile which would be used against an aggressor to intercept his squadrons of bombers and destroy them with mighty nuclear blasts.

A "granddaddy" atomic explosion scheduled for before dawn this morning from a 500-foot steel tower was postponed until Saturday due to adverse winds.

State Seeks to Set Aside Court Award For Right-of-Way

PINCKNEYVILLE, Ill. (AP)—The state of Illinois today sought to set aside a Perry county court verdict awarding Joe Scoffie, Du Quoin hotel owner, \$64,132 for right-of-way clearance and damages to property on U. S. 51 south of Du Quoin.

The state charged one juror fell asleep during testimony in the condemnation suit March 8 and 9, and another was taking notes.

Lawyers for Scoffie filed an affidavit from juror Eben Collins, Du Quoin, saying he was "not asleep at any time," and another from juror Pearl Olinger, Du Quoin, in which she said she took notes only on testimony, to help her keep the evidence in mind. County Judge Michael K. Grabowski will hold a hearing March 31 on the state's motion for a new trial.

Lt. Gen. Craigie, U. S. Commander in South Europe, to Retire

WASHINGTON (AP)—The Air Force said today that Lt. Gen. Laurence C. Craigie, commander of Allied air forces in southern Europe, will retire this spring after more than 31 years service.

Craigie, 53, was the first American military pilot to fly a jet plane. He flew the Bell XP59 on its first flight in Oct. 1942 at Muroc, Calif.

Maj. Gen. Patrick W. Timberlake, a World War II bomber commander in North Africa and the Far East, will succeed Craigie.

Hill to Speak at Past Masters Night at Elizabethtown Tonight

E. Bishop Hill, 33rd Degree Mason of this city, will give the principal address at the annual Past Masters Night of Elizabethtown Lodge No. 276, A. F. & A. M., at Elizabethtown tonight.

The event will start with a banquet at 6:30 p. m. with the lodge meeting at 7:30.

Officers of the lodge are Jesse M. Young, worshipful master, John A. Hobbs, senior warden, James D. Robertson, junior warden, Cecil Culum, treasurer, and Clyde L. Flynn Sr., secretary.

Macaroni and vanilla were introduced into the United States by Thomas Jefferson, third President.

"The Stuff?"

Servicemen and their families last year received \$11,778,600 in loans and grants from the Red Cross at military installations and hospitals and in local chapters, to meet financial emergencies. To continue this important service to the Armed Forces, join the Red Cross this month and support its campaign for funds generously.

Four Missing When Towboat Smashes Pier

CAMDEN, Tenn. (AP)—Four persons including a woman cook were missing and presumed drowned today after a towboat smashed into a pier of a highway bridge that spans the turbulent Tennessee river and sank.

Two big barges were cut adrift in the swift stream by the accident, which occurred Thursday night.

Three men who clung to a small lifeboat in the chilly water survived.

Those saved were identified as Millard Gilliam, 33, chief engineer of Poplar Bluff, Mo.; William T. Biler, 21, assistant engineer, Chaffee, Mo.; and Losco L. McDaniels, 21, Anniston, Ala.

Those presumed drowned were identified as William Yates, 34, captain, of Knoxville, Tenn.; T. M. Lusk, 36, pilot, of Chattanooga, Tenn.; Robert Anderson, 19, of Clifton, Tenn., deckhand, and cook Dorothy Shirley, about 40, of Knoxville.

Benton County Sheriff Lebern Hollingsworth said the wind was "blowing hard, and the river was rough" at the time. The towboat crashed into a pier of the Lockhart Hickman Bridge, about six miles east of here. The bridge crosses the Tennessee at New Johnsonville.

The towboat was owned by the Midwest Towing Co. of Alton, Ill.

House Gives Up Tax Cut Fight

WASHINGTON (AP)—House Democrats today gave up their fight to cut everybody's income taxes by \$20 next Jan. 1.

The House-approved tax cut was scuttled in a Senate-House conference committee. This cleared the way for Congress to complete action on a one-year extension of corporation and excise sales taxes scheduled to drop at midnight next Thursday.

Over President Eisenhower's objections, the House had coupled the proposed \$20 tax cut with the tax extension bill. The Senate knocked it out and the conference committee was appointed to work out agreement.

After Senate negotiators refused to compromise, House negotiators yielded rather than take responsibility for the revenue loss of almost three billion dollars that would result from failure to extend corporation-excise levies.

Sen. Eugene D. Millikin (R-Colo.) said the conference agreement would be called up for Senate action today. The House was expected to approve the action of its negotiators and send the tax measure to the White House Monday or Tuesday.

The tax cut originally cleared the House by a vote of 210-205. The Senate rejected it 61-32.

Pvt. Bennie J. Hartwell, son of Mrs. Ruth Eubanks, who has been home on furlough from Camp Chaffee, Ark., where he finished basic training, has arrived at Fort Story, Va., where he is in Transportation school. Elizabeth Staiger, Appears in TV Drama

Jerry Eskow, husband of the former Miss Elizabeth Staiger of this city, appeared in a CBS nationally-televized drama from Hollywood last night.

The drama was in the Climax series on Channel 4, St. Louis, and was titled, "The Darkest Hour." Stars were Zachary Scott and Joanne Dru.

Mrs. Eskow is here at present visiting her parents, Mr. and Mrs. J. Roy Staiger. She has been in Hollywood with her husband and will go on to New York City to audition for stage plays.

Stratton Signs Bill To Pay \$5,000 to Wife Of Kidnaped Legislator

SPRINGFIELD (AP)—A check for \$5,000 will soon be on the way to the wife of an Illinois legislator who was kidnapped almost two years ago and hasn't been seen since.

Gov. William G. Stratton Thursday signed into law an appropriation to the wife of Republican Rep. Clem Graver, who disappeared after his 1953 abduction near his Chicago home. The money represents Graver's unpaid salary for 1954, the second half of his two-year term.

Stratton also signed a bill boosting maximum pay of township highway commissioners from \$12 to \$16 a day, and in Rockford township, Winnebago county, from \$12 to \$20.

First pneumatic tire for an automobile was manufactured in 1896.

Bowling Rites at Eldorado Saturday

Funeral services for Claud L. Bowling, Eldorado resident who died Wednesday morning in the Ferrell hospital, will be held Saturday at 2 p. m. at the First Methodist church. Rev. C. C. Lowe will officiate, and burial will be in the Lindale Memorial Gardens. The body is now at the Martin funeral home.

The word "hotel" first was used by Joseph Corre, a New York innkeeper, in 1790.

Only well-reared women should wear slacks.

HARRISBURG, ILLINOIS

Santee to Face Five Foes in Bankers Mile

CHICAGO — Wes Santee, Kansas' star miler, may get an unexpected push toward a new indoor record Saturday when he meets five foes in the annual Bankers Mile of the 19th annual Chicago Daily News Relays.

Santee, who has won five of eight indoor starts this season, was the favorite to grab the title he also captured last year. But a late entrant, Bob McMillen, could force him perhaps to a new mark on the new board track prepared for the event.

McMillen got into the mile field this week when he telephoned the sponsors and asked for permission to run. It was granted quickly, because in three previous indoor outings this season he finished third each time, twice in races won by Gunnar Nielsen and once in an event won by Santee.

But he was third man in the field at Boston when Santee set a new indoor record of 4:03.6.

Others in the mile field will be

Art Dalzell, Phil Coleman, Bill Squares and Charles Jones, and should one of them adopt the role of pace setter for the first half mile, as expected, then Santee or McMillen might romp to a new record. At least the meet record of 4:06.4 set by Gil Dodds in 1944.

Despite a standout field in most events, it was unlikely that new marks would be set in any event except possibly the mile.

The show will be televised on a 14-station network, including Chicago, Atlanta, Pittsburgh, Dallas, Houston, Tulsa, Oklahoma City, Hartford, Decatur, Ill., Jackson, Miss., Denver, Springfield, Ill., Nashville and Minneapolis.

It appeared certain that the Rev. Bob Richards would surpass 15 feet again to win the pole vault for the fifth time. Richards tied for the title on two other occasions. Last year he did not compete and Don Laz and Jerry Welborn shared the title.

A standout contest also was likely in the two-mile run with Olympic 3,000-meter steeplechase champion who has won this event twice previously. Wilt also has gained the crown twice, last year and in 1949.

Three other defending champions also were in the field, Willie Williams of Illinois in the 50-yard dash, Harrison Dillard in the 60-yard high hurdles, and Mal Whitfield in the 600-yard run.

TROPHY EXPLANATION—Garrison Newsom, Shawneetown's veteran play-making guard, tells guest speaker J. C. Caroline, U. of I.'s All-American football halfback, how the Indians collected their trophies. The team won five during the season just completed. Caroline was the principle speaker at a banquet last night honoring the Shawneetown team, coach and cheer leaders. Others in the picture are (left to right)—Coach Barney Genisio, Bobby Spottsville, Newsom, Caroline and Joyner. Spottsville, Newsom and Joyner are the only graduating members of Shawneetown's "Sweet Sixteen" team. (Register Staff Photo)

J. C. Caroline is Guest Speaker at Banquet for Shawneetown Indians

More than 125 Pay Tribute to Team, Coach, Cheer Leaders

Faith in God, yourself and those about you are prime necessities in achieving goals J. C. Caroline, University of Illinois All-American football halfback, told his listeners last night at a banquet honoring Shawneetown's basketball team, coach and cheer leaders.

More than 125 persons were present to pay tribute to the Indians, who fought their way into the quarter-finals of the "Sweet Sixteen." The banquet, held in the Shawneetown high school gymnasium, was co-sponsored by the Shawneetown Kiwanis club and the American Legion auxiliary.

Caroline was introduced by the Rev. Rowland L. Westervelt, chairman of the committee on arrangements. In his opening remarks Caroline, referring to the Indians' 32-1 record, said he played on a team that won one and lost all the rest this past season. Then he added, still in a humorous vein, that the U. of I. football team really hadn't done so badly, for it led the league... in penalties and fumbles.

Learn to Meet Competition In all seriousness, the Illinois junior then extended congratulations to the Shawneetown coach, team and cheer leaders and community on a great season. He said he knew that it had taken great determination, long hours of work and practice and a never-ending faith to achieve such a record.

Caroline added that the size of the school is not always the greatest factor in success and said he felt Shawneetown's accomplishments bore this out superbly.

"You never know what you can do until you try," the Columbia, S. C., athlete pointed out. "There is lots of competition throughout life," he continued, "and you have been learning well how to meet it."

In concluding the address he recalled his own experiences of prayer for ability and achievement, and related that only through hard

work, faith and prayer was he able to accomplish these.

Genisio Presents Team

Dick February, Kiwanis president, opened the program by introducing Coach Barney Genisio who in turn presented each member of the team and the cheerleaders. Principal Herschel Newcomb gave a few remarks, commending the fans for their loyal support of the team and for their fine sportsmanship throughout the season.

Principal Newcomb said the school had received several letters and much favorable publicity for the sportsmanlike showing of its team and fans. One letter, praising the team's accomplishment, and sportsmanship, was read aloud. It was signed by Max Hooper, U. of I. freshman basketball coach.

Newcomb also made the presentation of a team picture to the co-captains.

Displayed on a table at one end of the banquet room were the five trophies won by the Indians this year. The table also contained action and still pictures of the team.

Irvin is Hitting Inside Pitch, But Durocher Still Lacks Faith

By HARRY GRAYSON

NEA Sports Editor PHOENIX, Ariz. —(NEA)—Willie Mays may be the attraction as the Giants work out at Phoenix Municipal Stadium, but the baseball people's eyes are on Monford Merrill Irvin.

Irvin easily could be at the stage of his career when it's time for a regular to step down, and it's always sad when a star who has lost that step wants to hang on. Irvin this spring appears to be stepping into the inside pitch that he laid off too frequently last season, when his batting average dropped from .329 to .262, his runs-batted-in from 97 to 64.

AND WHEN ON FEB. 25 someone remarked that he was 36, the dignified Lincoln University alumnus said: "Don't say that. So am I."

Irvin is conscious of his age—and his right ankle. He was the New York Nationals' big play before suffering a multiple fracture of the ankle sliding into third

Al Rosen Monte Irvin

base in an exhibition game in Denver in early April of 1952. The large outfielder had been magnificent in the World Series the previous fall with 11 hits in 24 times at bat.

"The ankle is still on my mind," says Irvin. "I doubt that it will ever heal to the extent where I won't think about it, say, when I'm about to slide into third base."

It was Leo Durocher's lack of faith in Irvin that gave Dusty Rhodes the opportunity to become a national figure in two afternoons last fall.

"IF I WERE A QUITTER," Monte says, "I might have suspected that I was about through. But I got to hit in the last game and came through a couple of times. I sort of figured that gave me another chance this spring."

There is no sentiment in baseball, however, and Durocher is ready to move. He speaks of trying Bobby Hofman at first base and switching Whitey Lockman to left field.

An alternative would be bringing up 23-year-old Gail Harris for first base. Harris, a big Tennessee and left-handed all the way,

Thomson Holds One Stroke Lead in Miami Beach Open

MIAMI BEACH, Fla. —British Open champion Peter Thomson of Australia carried a one stroke lead over three others today as the Miami Beach Open golf tournament moved into the second round.

Thomson carved out a six-under-par 65 in Thursday's opening round to hold a narrow lead over Bob Inman of Tulsa, Okla., Gene Littler of Palm Springs, Calif., and Bob Rosburg of San Francisco.

Another stroke back and tied at 67 were Buddy Weaver of Houston, Tex., Billy Maxwell of Odessa, Tex., and W. A. (Dub) Pagan Jr. of West Palm Beach, Fla., while such tourney veterans as Sammy Snead of White Sulphur Springs, W. Va., National Open champ Ed Furgol of St. Louis, Cary Middlecoff of Memphis, Tenn., and Tommy Bolt, hot-tempered Texan, broke par 72 over the 6,242-yard palm-lined layout but were well off the pace.

Snead and Furgol carded 69's, while Middlecoff, who won the St. Petersburg Open last week, and Bolt shot 70's.

The Daily Register 25c a week by carrier boy.

Shawneetown's Junior Indians Defeat Seniors

Shawneetown high school students got a preview of next year's team in action Friday morning when the Juniors defeated the Seniors, 49-42.

Playing six-minute quarters during the regular activity period, the two squads battled to 5-5 and 18-18 deadlocks at the end of the quarter and half. During the third period, the Juniors broke away to a 10-point lead, and then held off the last quarter thrust by the Seniors.

Bobby Spottsville was top scorer with 28 points. Other Senior scoring was: Hundley 4, Austin 1, Joyner 2 and Newsom 7.

The Juniors presented an evenly-balanced attack with Nolen getting 12, Gunzel 11, Thrallkill 8, Crane 7, Ellis 7, and Drone 4.

The Shawneetown squad also picked an All-Opponent team from players they have opposed during the past season. Those selected were Oliver Rollins, Carrier Mills, Bruce Walters, Vienna, Joe Ruklick, Princeton, Bill Lawrence, Herin and Harlan Coffman, Anna.

Walters, although given little state-wide recognition, was the leading scorer of the Greater Egyptian conference this past season.

ORIOLES BEAT KANSAS CITY A'S, 4-2

WEST PALM BEACH, Fla. —Rookie Bob Alexander is the first Baltimore Orioles' pitcher to go the distance—but the distance was only five innings.

Alexander allowed five hits and was credited with a 4-2 victory over the Kansas City A's Thursday when rain ended the game after five frames.

The same two teams meet here again today.

Spring Sports Practice Begins At High School

First Baseball Game March 31 With Galatia Nine

The spring sports program is getting under way at Harrisburg Township high school but this week found the athletes in the more comfortable confines of Davenport gym instead of at cold and soggy Taylor Field.

Both the track and baseball aspirants were working out the best they could on the hardwood floor. Naturally, most of the work was just getting into shape although a number of boys had their baseball gloves and were finding corners of the building in which to play some soft catch.

Gene Bland has charge of the track squad and Lawrence Caluffetti the baseball team. About 25 boys are out for track, about 40 for baseball.

The baseball season will get under way quickly, the Bill Dogs travelling to Galatia for a contest next Thursday, March 31. First scheduled track event is the Mineral Area meet at Hurst April 16, but Bland said he might work a dual meet or two into the schedule.

Both Bland and Caluffetti today were scheduled to attend a baseball and track clinic sponsored by Southern Illinois university at Carbondale.

This is the spring sports schedule (baseball games at 4 p. m.): March 31, baseball at Galatia. April 5, baseball, Ridgway here. April 7, baseball, Galatia here. April 14, baseball, West Frankfort here.

April 16, track, Mineral Area meet at Hurst. April 19, baseball, McLeansboro here. April 21, baseball, Marion here. April 23, track, West Frankfort relays.

April 25, baseball, West Frankfort here. April 28, baseball, Marion here. April 30, track, Herrin relays. May 3, track, freshman-sophomore meet at Herrin. May 4, baseball, Ridgway there. May 6, track conference meet at West Frankfort.

May 13-20, baseball, district and subdistrict meets. May 13-14, track, district meet.

Briefs from Training Camps

MARION IRKED AT WHITE SOX LOSING STREAK

LAKELAND, Fla. —White Sox Manager Marty Marion, irked by his team's surprising eight-game losing streak, hoped that the return of Nellie Fox to the lineup today would spark the Sox to a victory over the Detroit Tigers.

Second baseman Fox, one of the Sox' most spirited players, has been sidelined for eight days with a pulled groin muscle.

Both the White Sox and Tigers were rained out Thursday in their scheduled exhibitions against the St. Louis Cardinals and New York Yankees, respectively.

HAL RICE HITS TWO HOMERS, SINGLE

PHOENIX, Ariz. —Outfielder Hal Rice, fighting to hold his job with the Chicago Cubs after battling only 163 last season, suddenly is swinging with new power.

Rice, 31-year-old former Pirate and Cardinal, whacked two homers and a single in three trips Thursday as the Cubs beat the Cleveland Indians, 6-2.

The Cubs meet the New York Giants today.

GRIMES TO COACH KANSAS CITY HURLERS

WEST PALM BEACH, Fla. —Burleigh Grimes, former Brooklyn Dodger manager, has been signed as a pitching coach for the Kansas City Athletics.

Grimes, who pitched in the majors as a star spitball hurler from 1916 to 1934 with the Dodgers, Pittsburgh Pirates, St. Louis Cardinals, Chicago Cubs, and New York Yankees, has been an A's scout.

SIMMONS TO HURL AGAINST CARDINALS

CLEARWATER, Fla. —Ailing southpaw Curt Simmons will pitch for the Phillies today against the St. Louis Cardinals in a game which Manager Mayo Smith calls "the acid test."

Simmons, who had a disappointing 14-15 record last season, has been nursing a sore arm and hasn't pitched a single inning this spring. He took a short workout Thursday and reported no pain.

INDIANS LOSE SIX OF LAST SEVEN GAMES

SAN FRANCISCO —The American league champion Cleveland Indians, losers in six of their last seven games against major league opposition, hope to get back on the winning trail in a night game tonight against San Francisco of the Pacific Coast league.

Batting champion Bobby Avila took his first workout Thursday, but won't play until Saturday.

Nine Harness Horses Destroyed in Fire

AURORA, Ill. —Fire destroyed a 50-stall barn at the Aurora Downs race track Thursday night, killing nine harness horses and injuring two others.

Carl Johndahl, secretary-treasurer of the Fox Valley Trotting Club, which leases the track, said damage might run as high as \$90,000.

LaSalle's Basketball Coach Ken Loeffler Accepts Three Year Contract at Texas A&M

NEW YORK —Canny Ken Loeffler, who built La Salle into a national basketball champion, switched to Texas A & M today to pull the Aggies out of the Southwest Conference cellar by "filling the air with basketballs."

His announcement that he has agreed to a three-year Aggie contract caught La Salle officials by surprise and without any idea who would succeed him at the Philadelphia school.

But it brings to the Aggies a coach who, in six years at La Salle, won two national championships, one Eastern championship, and six city championships, and developed an array of first-class players headed by three-time All-American and "Player of the Year" Tom Gola.

"My contract at La Salle expires in June," Loeffler explained. "They offered me a new contract to stay, but I felt I owed it to my family to accept the greater opportunities available at a larger school."

Uses Flash Pivot Loeffler said he didn't know what playing talent awaits him at College station, Tex., but "I assume they want top-flight team or they wouldn't have contacted me."

Loeffler, a firm believer in a rapid offense, he calls a "flash pivot system" as contrasted to a "fixed pivot system," brings to the Aggies a type of basketball very different than that of his predecessor, John Floyd.

Floyd, who resigned earlier this month after five years as Aggie coach, was a former Oklahoma A & M star and taught the Aggies the famed ball-control, slowdown style made famous at his alma mater by Coach Henry Hank Iba. Aggies Really "Down"

But the Aggies felt on evil days on the court and won only four

California Revokes License Of Archie Moore

LOS ANGELES —The California Athletic Commission has revoked the state boxing license of 38-year-old Archie Moore because the light heavyweight champion "has an organic heart condition."

Clayton Frye, Southern California boxing inspector for the commission, said after reading a medical report on Moore, "It may mean the end of his career."

Commission Physician Dr. James B. Ryan examined Moore, who currently weighs in at close to 200 pounds, before a scheduled non-title fight with Frankie Daniels in San Diego last Friday. Ryan recommended that Moore be denied permission to enter the ring and the fight was called off.

Ryan made a comprehensive report to the commission in which he said "the exertion of training and boxing would be inadvisable and dangerous. Archie Moore has an organic heart condition."

Ryan contacted in San Diego Thursday night when the commission's decision was made known, emphasized that Moore did not have a heart murmur, but a "heart condition which could be corrected with treatment."

Moore, a 29 year veteran of the ring wars, won the light heavyweight title Dec. 17, 1952, from Joey Maxim.

CLEMENTE IS TOP HITTER FOR PIRATES

FORT MYERS, Fla. —Outfielder Roberto Clemente batted 257 for Montreal last season, but he's the Pittsburgh Pirate's top batter for the first 12 exhibition games with a mark of 419.

Veteran Sid Gordon, sidelined with a sore leg, tops this with a .450 average but has batted only 11 times.

Other leading hitters on the squad are Preston Ward at 444, including three of the team's five homers, Earl Smith at 409, and Dick Groat and Felipe Montemayor each at 400.

The Pirates meet the Boston Red Sox here today.

Fight Results

By United Press DALLAS: Oscar Pharo, 196, Birmingham, Ala., outpointed Bobby Spaeth, 184, Wichita, Kan. (10).

Three Elected to Senior Honor Society at HTHS

Sally Smith, daughter of Mr. and Mrs. Joseph I. Smith, Dorothy Schneider, daughter of Mr. and Mrs. Robert Schneider, and Avah Phillips, daughter of Mr. and Mrs. Brose Phillips, were recently elected into the Senior National Honor society at the Harrisburg Township high school. None of the candidates for election into the Junior Honor society received the required number of votes.

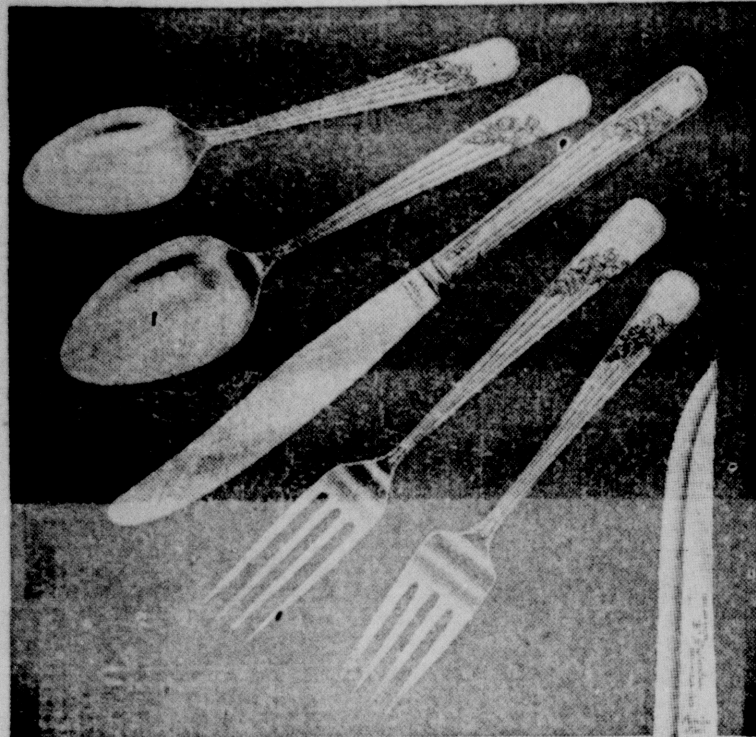

In evaluating the candidates for election, the faculty members considered the points of leadership, character, and service to the school, considering whether the student

showed initiative, did more than the mere requirements, was looked up to by the student body, whether his actions had a good reflection on the school, whether he was co-operative, shouldered responsibility, and was active in extra-curricular activities.

Seniors who were elected into the society at the first of the year were Doris Steinmarch, Marolyn Womack, Barbara Dunn, Judy Morse, Mona Wickham, Charles Polk, Judy Belt, and Catharine Anderson. Students who were elected into the junior society then were Anne Endsley, Judy Franks, Charles Cummins, and Robert Jones. Bill Bottomley was already a member of the society.

The new initiates will be formally initiated into the society at a dinner to be held in the near future.

L'il Abner

XXI
The captain of waiters coughed gently. "Mr. Carmichael?"
"Naw, I wasn't thinkin' of Jess. I saw in the papers what happened to him. Too bad, but Jess wasn't one of my favorite people. No, I was thinkin' of another cousin of Jim's, Les Smithson. Great lad."

"Mr. Smithson, mm? I didn't know him very well. Of course he came here now and then, but I was only the head waiter then and I didn't know him too well. I do remember, though, that he and Mr. Sutton were rather close friends. For cousins, that is."

"Oh, sure," said Johnny easily. "I know what you mean. I got a cousin back in Houston. We fight all the time, but we're buddies just the same."

The captain of waiters practically drooled. "Quite so, sir, quite so. Mr. Smithson and Mr. Sutton had words now and then, but they were cousins, after all."

"He went to Europe, maybe?"
"Perhaps," said the captain. His eyes went past Johnny to a table along the wall. There's Mr. Wheelwright, he was a close friend of Mr. Smithson's."

Johnny followed the captain's eyes to a sleek, well-fed man in his middle thirties. His eyes barely rested on the man, however, going instantly to his companion, Hertha Colston, whom he had seen so briefly the night before as he dashed into the Carmichael home at Manhasset.

"Hey," said Johnny. "I know the little lady with him. Thanks, captain." He pushed back his chair and rising, crossed to the table of Wheelwright and Hertha Colston.

"Miss Colston!" Johnny said enthusiastically, as he came up to the table.

She recognized him instantly. "You're the man I saw at Uncle Jess's last night."

"That's right," Johnny pulled out a chair and sat down facing Wheelwright and the girl.

"Uncle Jess told me about you. He—she half smiled—"he said you were fantastic. That's the exact word he used."

Wheelwright looked at Hertha Colston. "Just who is the man?"
"I'd like to know myself," Hertha smiled at Johnny. "Answer the man."

"I'm Johnny Fletcher."

"All right," said Wheelwright. "Your name is Fletcher. Now, do you mind telling just what you are?"

"That's what bothered Uncle Jess last night," Hertha said brightly.

"Oh, you know about that? Yes. I saw Lester that evening. He came over to my place and he told me about it. He said—"he stopped, then went on—"He said he'd never talk to Jess again as long as he lived."

"And that was the last time you ever saw him?"

"Yes."

"Did you ever hear from him?"
"Not a word. There was a lot of talk for a while and then . . . we assumed something had happened to him—somewhere."

"Just what was he doing before he—disappeared?"
"Why, I believe he had some kind of job with his uncle. After all, his uncle was the president of the company."

"So Lester was probably a vice president?"
"No—no, he didn't have any kind of a title. Neither did young Jess, for that matter."

"He worked, too?"
"For a while, right after he graduated from Harover. His father thought he ought to come into the business and Jess didn't seem to mind too much." He looked at Hertha. "I'm sorry, Hertha."

"It's all right, Don, I had no illusions about Jess."

Johnny switched back to the subject of Lester Smithson. "How was Lester Smithson fixed financially?"

"He had to work. His mother was married to an engineer of some kind."

"Sutton's mother married better?"
Wheelwright frowned. "Sutton's made a pile in the stock market, I guess." He signaled to a waiter who was hovering nearby.

"I guess I'll join you in a sandwich," Johnny said. "Waiter, how about a nice grilled hot dog sandwich?"

The waiter regarded Johnny coldly. "What are those things made of?"

House Committee Assails Vinson

(Continued from Page One)

it buys to keep up farm prices. It said "there is reason to believe" these crops could be sold overseas if CCC would offer them at "competitive" prices.

Reduces Research Requests
The committee said while salaries and wages in other fields have risen, farm income has been "dropping steadily each year." At the same time farm costs have been rising. As a result of this "price-cost squeeze" net farm income was down nearly 20 per cent in 1954 compared with 1951.

The committee also criticized some research projects, citing among others studies in "rural sociology," "family utilization of clothing in Minnesota," and "for chids of Guatemala."

In line with this criticism it reduced research requests by \$188,000.

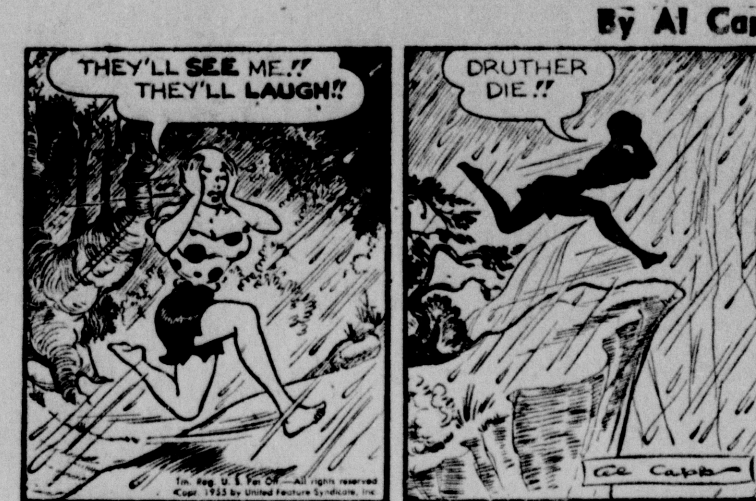

The committee added \$5,296,379 to administration requests for the Soil Conservation Service, saying it was disturbed by "evidence of efforts to gradually eliminate this program."

It put up an extra \$15,236,197 for the school lunch program, to keep it at its current level.

Births

To Mr. and Mrs. Jack Guley, Carrier Mills, a girl named Kathy Gail, weighing seven pounds, 12 ounces, born March 24 at the Harrisburg hospital.

To Mr. and Mrs. Glen Schwartz, RFD 1, Harrisburg, a boy named Stanston Kay, weighing nine pounds, eight ounces, born March 25 at the Harrisburg hospital.
